DECISION OF THE ENERGY CHARTER CONFERENCE

Subject: **Organisation of Seminars; Social Protocol Proposal**

European Communities indicated their intention, to organise, in close co-ordination with the Secretariat, a seminar for Mediterranean countries which was welcomed by the Conference. (cf. Room Document 10)

Japan indicated its interest to organise a seminar on the implications of the Treaty in Tokyo in September 1996. The Conference welcomed that initiative.

SG introduced a letter of ICEM asking for a Social Protocol (cf. Room Document 11). There was consensus that it was for Signatories to put forward a formal proposal for such a Protocol.
