The Staff Rules promulgated by the Secretary-General and approved by the Conference implement the Staff Regulations.

I – General Provisions

Article 1
Purpose

1.1 Data protection is important for the safe exchange, secure storage and confidential treatment of personal data. In the context of its international public mandate, the Energy Charter Secretariat (‘the Secretariat’) is required to process personal data from its officials, individuals directly involved in the work of the Secretariat (Seconded experts, Fellows, Interns and Staff on Loan), delegates and participants to events organised or co-organised by the Secretariat and third parties interacting with the Secretariat (recruitment, enquiries etc.)

1.2 The use of personal data also requires the Secretariat to share these data with other parties (mainly representatives of Members and Observers of the Energy Charter Conference). In doing so, the Secretariat needs to ensure that data protection is applied consistently by means of effective and sustainable measures.

1.3 The Energy Charter Secretariat has always ensured a high level of data protection in its activities in accordance with international standards and best administrative practices. The key objective of the Manual on data protection (‘the Manual’) is to codify existing practice in order to ensure that every individual whose personal data are used by the Secretariat is guaranteed protection of his/her privacy. In doing so, the Manual aims to prevent unnecessary and inappropriate disclosure or mishandling of personal data and to provide the Secretariat with the adequate means of compliance and follow-up in case of breach or misuse.

Article 2
Scope

2.1 The Manual applies to the processing of personal data by the Secretariat.

2.2 Compliance with the Manual is mandatory for all officials of the Secretariat as well as individuals directly involved with the work of the Secretariat (Fellows, Seconded experts, Staff on Loan and Interns).

2.3 Obligations contained in the Manual shall continue to apply, when relevant, even after individuals are no longer involved with the Secretariat.

2.4 The Manual does not replace existing provisions of the Staff Manual and cannot contradict their application.

Article 3
Framework

In implementing its data protection measures, the Secretariat will take into account evolving international standards and best administrative practices.
II – Definitions

Article 4

For the purposes of this Manual, the following definitions shall be understood as detailed hereafter:

This list is not exhaustive and merely illustrates different types of personal data.

- ‘Processing of personal data’: any operation performed on personal data, whether or not by automated means. The processing of personal data includes collection, recording, organisation, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure, retention or destruction.

- ‘Data subject’: any individual whose personal data is subject to processing by the Secretariat.

- ‘Data controller’: the official of the Secretariat who has the authority to oversee the management of, and to determine the purposes for, the processing of personal data.

- ‘Data processor’: any official of the Secretariat, individuals directly involved in the work of the Secretariat (Seconded experts, Fellows, Interns and Staff on Loan) or other individual or organisation that processes and collects personal data on behalf of the Secretariat.

- ‘Consent’: any freely given, specific, informed and unambiguous indication by the data subject by which he/she shows agreement to the processing of his/her personal data.

- ‘Personal data breach’: a breach of data security leading to the accidental or unlawful/illegitimate destruction, loss, alteration, unauthorised disclosure of, or access to, personal data transferred, stored or otherwise processed by the Secretariat.

- ‘Implementing partners’: natural or legal persons independent from the Secretariat and engaged with the latter to implement activities of the Secretariat’s programme of work (e.g. co-organisation of conferences, workshops etc.)

**Article 16**

**Withdrawal of consent**

Data subjects shall have the right to withdraw their consent at any time. The withdrawal of consent shall not affect the lawfulness of processing based on consent before its withdrawal.

**Article 17**

If a personal data breach is likely to result in personal injury or harm to a data subject, the data controller should use his/her best efforts to inform the data subject and take mitigating measures as appropriate.

Article 21
Retention, storage and deletion of personal data

21.1 Personal data should be kept for as long as necessary, and shall be destroyed or rendered anonymous as soon as the specified purpose(s) of data processing have been fulfilled.

a) Retention

21.2 In order to ensure that data are not kept longer than necessary, a retention period is set in Annex 2 of the Manual. REGULATIONS 2-BIS.1 – 2-BIS.2 - INTERNATIONAL ENERGY CHARTER
WHISTLEBLOWING GUIDELINES

Staff Circular

1. Introduction

1.1. General

Having procedures for raising concerns about serious irregularities, fraud, corruption or misuse of resources or other serious wrongdoings is relevant for all responsible organisations and for the people who work there. While good internal control systems can reduce the probability of something going seriously wrong, the risk can never be reduced to zero. Where this risk materialises, the first people to realise or suspect the problem will often be those who work in or with the organisation. Yet, unless the culture is one where employees believe that it is safe and accepted that such concerns are raised, the risk is that people will stay silent. This denies the organisation an important opportunity to detect and investigate the concern, to take any appropriate action and to protect its assets, integrity and reputation.

The most effective way to encourage officials, secondees, visiting scholars, interns and staff on loan to report concerns is to provide assurance of protection of their position. Clearly defined channels for internal reporting, as well as safe and accepted routes through which officials, secondees, visiting scholars, interns and staff on loan may raise concerns outside the organisation as an option of last resort, should be in place.

Viewed in this way, having whistleblowing procedures and whistleblower protection in place is a question of good management and a means of putting into practice the principle of accountability. They contribute to improving the diligence, integrity and responsibility of an organisation.

To this end, it is necessary to develop, adopt and include the guidelines on whistleblowing in the Staff Manual as well as in the publication regarding the Main Internal Provisions, Rules and Decisions of the Organisation.

While the existing rules have already triggered a number of ILOAT cases, officials, secondees, visiting scholars, interns and staff on loan may be reticent to make full use of the whistleblowing guidelines because of a fear of negative repercussions on their reputation or career. As part of the duty of the Energy Charter Conference and the Energy Charter Secretariat to have regard for the interests of officials, secondees, visiting scholars, interns and staff on loan it is necessary to ensure that officials, secondees, visiting scholars, interns and staff on loan who report serious wrongdoings or concerns in good faith are afforded the utmost confidentiality and greatest degree of protection against any retaliation as a result of their whistleblowing.

As whistleblowing policies and arrangements are widely recognised as an important tool to detect serious irregularities, fraud, corruption and misuse of resources and serious wrongdoings, it is important that officials, secondees, visiting scholars, interns and staff on loan fully understand the types of situations where the obligation to ‘blow the whistle’ applies, and to whom they should address their concerns.
Providing guidance on this issue is part of the International Energy Charter overall ethics policy, which aims, inter alia, at clarifying the rules regarding professional ethics and conduct in the organisation.

The Energy Charter Conference approves the guidelines on whistleblowing together with the relevant Articles 1 and 2 to be included in the Staff Rules and Regulations (as Regulation 2-bis.1 and Regulation 2-bis.2) as well as in the publication regarding the Main Internal Provisions, Rules and Decisions of the Organisation.

1.2. Basic principles

Officials, secondees, visiting scholars, interns and staff on loan of the Secretariat have a duty to report serious irregularities, fraud, corruption or misuse of resources or other serious wrongdoings. For this purpose, officials, secondees, visiting scholars interns and staff on loan have reporting channels as determined under point 2 ‘Reporting procedures’.

The principal channel is the normal chain of hierarchical command. If an official, secondee, visiting scholar, intern or staff on loan considers it to be safer to bypass the normal chain of hierarchical command, they must be able to do so.

In particular, the principal channel for serious irregularities, fraud, corruption or misuse of resources or other serious wrongdoings is described under Regulation 2 of the Staff Regulations and Rules and its staff circular.

Officials, secondees, visiting scholars, interns and staff on loan who report on serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings in good faith must not under any circumstances be subject to retaliation for whistleblowing. These officials, secondees, visiting scholars, interns and staff on loan must be protected and their identity must remain confidential if they so desire.

The Secretariat or the External Auditor or the Chair/Vice-Chair of the Conference [or the Management Committee] must verify the reported facts in the appropriate manner and, if they are confirmed, the Conference and the Secretariat will take all necessary steps to ensure the appropriate follow-up. The rights of defence of any person implicated by the reported incidents must be respected. Malicious or frivolous denunciations will not be tolerated.

1.3. Scope of the guidelines

The International Energy Charter whistleblowing guidelines apply to all officials, secondees, visiting scholars, interns and staff on loan of the Secretariat, irrespective of their position.

Under the whistleblowing guidelines, officials, secondees, visiting scholars, interns and staff on loan have to report serious irregularities, fraud, corruption or misuse of resources or other serious wrongdoings. As the whistleblowing policies and arrangements are essentially a detection mechanism to bring cases to the attention of the relevant authorities, the duty to report concerns only serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings, and particularly those that may be detrimental to the financial interests of the Conference.
Accordingly, not every reporting qualifies as whistleblowing in the sense of these guidelines. For example, the guidelines are not intended to apply to the reporting of the following types of information:

- Information already in the public domain (for example newspaper articles, publicly available audits);
- Unsubstantiated rumours and hearsay;
- Matters of a trivial nature;
- Disagreements over legitimate policy;
- Information not linked to the performance of one’s duties.³

Neither do the guidelines apply to information for which specific procedures are available to an official, secondee, visiting scholars, interns and staff on loan:

- Personnel issues where officials have a personal interest in the outcome. In these cases, officials may exercise their statutory rights under the Staff Manual.
- Harassment claims and personal disagreements or conflicts with colleagues or hierarchy for which, Regulation 25-bis of the Staff Manual applies.

Nor do the guidelines apply to disclosures that cannot be considered as reasonable or honest, such as:

- Abusive disclosures (repeated disclosures of alleged facts aimed merely at paralysing a service);
- Malicious, frivolous or potentially defamatory disclosures (i.e. false or unverifiable accusations with the aim of harming another person’s integrity or reputation).

### 1.4. Definitions

For the purpose of the guidelines, a ‘whistleblower’ is an official, secondee, visiting scholars, interns and staff on loan acting in good faith, who reports facts discovered in the course of or in connection with her or his duties which point to the existence of serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings. The reporting should be done in writing, and without delay, as determined under point 2 ‘Reporting procedures’.⁴

‘Good faith’ can be taken to mean the belief in the veracity of the reported facts, i.e. the fact that the official, secondee, visiting scholars, interns and staff on loan reasonably and honestly believes the transmitted information to be true. Good faith is presumed unless and until proven otherwise.

---

³ This is not to say that the Energy Charter Secretariat does not react to this information, but that the whistleblowing guidelines do not apply in this case.

⁴ Prior to reporting, officials, secondees, visiting scholars, interns and staff on loan may seek guidance and support as described in section 5. This does not have to be done in writing.
‘Retaliation’ is defined as any direct or indirect action or threat of action which is unjustly detrimental to the whistleblower and resulting from the whistleblowing, including, but not limited to, harassment, discrimination, negative appraisals and acts of vindictiveness.

‘Confidentiality of identity’ means that the identity of the whistleblower is known to the recipient of the information but is kept confidential vis-à-vis the person(s) potentially implicated in the serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings reported and used on a strict need-to-know basis.

‘Anonymity’ refers to the situation whereby the identity of the source of the information is not known to the recipient.

Officials, secondees, visiting scholars, interns and staff on loan who make a report in bad faith, particularly if it is based knowingly on false or misleading information, shall not be protected and shall normally be subject to disciplinary measures. The Secretariat and/or the Secretary-General and/or the Deputy Secretary-General and/or the External Auditor and/or the Chair and/or Vice-Chair of the Conference [and/or the Management Committee] bear the burden of proof in this context.

2. REPORTING PROCEDURES

2.1 Report to the immediate superior and/or the Deputy Secretary General and/or the secretary-general

Officials, secondees, visiting scholars, interns and staff on loan who, in the course of or in connection with their duties, discover that serious irregularities, fraud, corruption of misuse of resources or serious wrongdoings may have occurred or may be occurring within the Secretariat, are obliged to report this discovery forthwith and in writing to their immediate superior and/or the Deputy Secretary-General and/or the Secretary General.

2.2 Report to one of the External Auditor and the Chair/Vice-Chairs of the Conference [and the Management Committee]

If there is a concern that this disclosure may lead to retaliation or that the intended recipient of the report is personally implicated in the serious irregularities fraud, corruption or misuse of resources or serious wrongdoings or the official, secondee, visiting scholars, interns and staff on loan considers that the allegation was not properly addressed within the period indicated in section 4 below, the official, secondee, visiting scholar and intern in question should bypass this direct means of internal reporting. He or she should bring it in writing to the attention of one of the following: the External Auditor and the Chair of the Conference and one of the Vice-Chairs of Conference [and the Management Committee]. Upon receipt of the information reported internally, the Secretariat, or one of the following the External Auditor and the Chair/Vice-Chair of the Conference [and the Management Committee], must give the whistleblower, within 60 days of receipt of the information, an indication of the period of time that it considers reasonable and necessary to take appropriate action.

If no action is taken within that period of time, or if the whistleblower can demonstrate that the period of time set is unreasonable in light of all the circumstances of the case, he or she may make use and in parallel of the possibility of whistleblowing to the External Auditor or the...
Chair/Vice-Chair of the Conference [or the Management Committee] to which the whistleblower has not reported yet.

Disclosure to the External Auditor or the Chair/Vice-Chair of the Conference [or the Management Committee], which are clearly able to hold the Secretariat to account because of their institutional role, but are also themselves subjected to the duty of discretion, therefore strikes an effective balance between the public interests of confidentiality and loyalty and those of transparency and accountability.

The Conference and the Secretariat are under the obligation to ensure the confidentiality of information received and officials, secondees, visiting scholars, interns and staff on loan of the Secretariat are therefore necessarily subjected to a duty of discretion.

It is up to the official, secondee, visiting scholars, interns and staff on loan to choose the most appropriate channel for reporting the serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings that they must disclose. However, if a matter is reported to others who are not competent to deal with it, it is up to the recipient of the information to transmit, in the strictest confidence, the relevant information and documents to the competent person/authority/institutions and to inform the official, secondee, visiting scholars, interns, staff on loan accordingly.

3. PROTECTION OF WHISTLEBLOWERS

Official, secondee, visiting scholars, interns and staff on loan who reports an allegation of serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings, provided that this is done in good faith and in compliance with the provisions of these guidelines, shall be protected against any acts of retaliation.

It should be noted that official, secondee, visiting scholars, interns and staff on loan will not be expected to fully prove that a serious irregularity, fraud, corruption or misuse of resources or serious wrongdoing is occurring, nor will they lose protection simply because their honest concern turned out to be unfounded. Nevertheless, to benefit of the protection the reporting official, secondee, visiting scholars, interns and staff on loan has to provide credible evidence.

The protection continues to apply in cases of external disclosures, provided that the official secondee, visiting scholars, interns and staff on loan honestly and reasonably believes that the information and any allegation in it are substantially true. In this context, account will be taken of any information the official, secondee, visiting scholars, interns and staff on loan has had from the Secretariat and from the External Auditor and the Chair/Vice-Chair of the Conference [and the Management Committee] following the initial reporting.

In addition, the following specific protective measures apply:

Confidentiality of identity

The protection of a person reporting a serious irregularity, fraud, corruption or misuse of resources or serious wrongdoings in good faith shall be guaranteed, first of all, by the fact that their identity will be treated in confidence.

This means that their name will not be revealed to the person(s) potentially implicated in the alleged serious irregularity, fraud, corruption or misuse of resources or serious wrongdoings,
or to any other person without a strict need to know unless the whistleblower personally authorises the disclosure of his/her identity or this is a requirement in any subsequent criminal law proceedings. In all other cases, the Conference, the Secretariat and the External Auditor and the Chair/Vice-Chair of the Conference [and the Management Committee] commits to keep the identity of the whistleblower confidential.

In this respect, the disciplinary procedures opened based on information of which the source is not revealed are regular, as long as it does not affect the possibility of the person who is subject to a subsequent disciplinary procedure to comment on the facts or documents transmitted, or on the conclusions that the organisation draws from them. The disciplinary rules of the organisation must allow it to keep the identity of the whistleblower confidential, while ensuring that the rights of defence of the person concerned are fully respected.

**Mobility**

If the official, secondee, visiting scholars, interns and staff on loan concerned wishes to be moved to another unit of the Secretariat in order to safeguard him- or herself against potential hostile reactions from his or her immediate work environment, then the Secretariat will take reasonable steps to facilitate such a move. In practice, the officials, secondees, visiting scholars, interns and staff on loan who consider it necessary to move to a different unit may address themselves to the Head of the Finance & Administration [/External Activities and Administration] Unit or the Deputy Secretary General or the Secretary General, which/who will provide them with counseling in order to identify the type of available post, which fits their profile and professional aspirations and needs of the Secretariat.

In urgent and duly justified cases, the protective measure of a transfer will be taken, including to fill an existing vacancy if possible, by the Secretary General or the Deputy Secretary General or the Chair of the Conference in consultation with the Vice-Chairs [and the Management Committee].

**Appraisal, advancement and promotion**

Particular care will be taken during staff appraisal, advancement and promotion procedures to ensure that the whistleblower suffers no adverse consequences in this context.

**Anonymity**

In order for the Conference and the Secretariat in particular to be able to apply protective measures, the official, secondee, visiting scholars, interns and staff on loan concerned should identify him- or herself as a whistleblower, and to observe the procedures as outlined above.

The protection offered reduces the need and justification for anonymity.

Anonymity deprives the investigative services of the possibility of asking the source for clarification or more information and enhances the risk of frivolous, malicious or unreliable information. For these reasons, anonymous reporting is not encouraged.

**Penalties for those taking retaliatory action**

No official, secondee, visiting scholars, interns and staff on loan of the Secretariat may use his/her position to prevent other officials, secondees, visiting scholars, interns and staff on loan from complying with their obligation to report serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings.
Any form of retaliation undertaken by an official, secondee, visiting scholars, interns and staff on loan against any person for reporting a serious irregularity, fraud, corruption or misuse of resources or serious wrongdoings in good faith is prohibited. In such cases, disciplinary measures will be taken against persons performing any form of retaliation.

Limits

As explained above, the whistleblowing provisions are concerned only with reporting of information pointing to serious irregularities, fraud, corruption and misuse of resources or serious wrongdoings. They are not intended to be used as substitutes for grievance procedures where officials, secondees, visiting scholars, interns and staff on loan have some personal interest in – or seek to dictate the outcome. They are also inappropriate for dealing with disagreements over legitimate policies. Their purpose is to allow the officials, secondees, visiting scholars and interns and staff on loan to raise a concern about wrongdoings so that those in charge may look into them.

It should be noted that the protection is lost if the official, secondee, visiting scholars, interns and staff on loan makes unwarranted or damaging allegations that he/she cannot show to be honest or reasonable.

Similarly, if the official, secondee, visiting scholars, interns and staff on loan makes the disclosure for purposes of private gain – for instance, by providing the information to external parties – he/she will forfeit this protection as that would not be a legitimate disclosure in the sense of the whistleblowing guidelines.

Finally, if the official, secondee, visiting scholars, interns and staff on loan is him or herself implicated in the serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings and decides to come forward and report these irregularities, fraud, corruption or misuse of resources or serious wrongdoings, this fact may constitute a significant attenuating circumstance in any ensuing disciplinary proceedings, but it is not a qualifying disclosure in the sense of these guidelines and does not provide him or her with full protection against disciplinary consequences on the basis of the whistleblowing guidelines.

4. FEEDBACK TO THE WHISTLEBLOWER

The Secretariat or the External Auditor or the Chair/Vice-Chair of the Conference [or the Management Committee] must give the whistleblower with an indication of the time needed to take appropriate action. If no action is taken within that period of time, or if the whistleblower can demonstrate that the period of time set is unreasonable in light of all the circumstances of the case, he or she may address his or her concerns to one of the others referred to in section 2 above.

It should be noted that the whistleblower is entitled to be informed within 60 days of the time needed to take appropriate action, but that it is up to the authority having received the reporting to determine the appropriate course of action.

5. GUIDANCE AND SUPPORT

While reporting serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings is an obligation under the Staff Regulations, some officials, secondees, visiting
scholars, interns and staff on loan may be reticent to come forward and report their concerns. In order to help officials, secondees, visiting scholars, interns and staff on loan who are unsure of whether or not certain facts should be reported, the Conference and the External Auditor and the Chair/Vice-Chair of the Conference [and the Management Committee] and the Secretariat offers confidential and impartial guidance and support to (potential) whistleblowers.

Guidance to potential whistleblowers at an early stage also helps to avoid ill-advised reporting, which may cause frustration to the official, secondee, visiting scholars, interns and staff on loan concerned and may be detrimental to the interests and the reputation of the Conference and the Secretariat. This guidance therefore lessens the risks of disclosure-related conflicts.

That is best carried out by a point of contact appointed, taking account of the fact that, in particular, support to whistleblowers and protection against retaliation are essentially the responsibility of the Conference as employer, including the Secretariat.

The Finance& Administration [/External Activities and Administration] Unit, the Legal Affairs, the Staff Committee [and the Management Committee] will provide confidential and impartial guidance on the whistleblowing procedure and respond to such questions as for example,

- whether the information in question is covered by the whistleblowing guidelines,
- which reporting channel may best be used for the information concerned, and
- which alternative procedures are available if the information concerned does not qualify for whistleblowing (‘signposting’).
- which will also be able to tender advice and guidance to officials, secondees, visiting scholars, interns and staff on loan on protective measures that the officials, secondees, visiting scholars, interns and staff on loan may wish to seek following the reporting.

Naturally, this guidance is without prejudice to the possibility of the official, secondee, visiting scholar, intern and staff on loan to consult his/her immediate superior.

In case of doubt, officials, secondees, visiting scholars, interns and staff on loan are encouraged to seek the guidance offered to them when contemplating a disclosure under the whistleblowing guidelines.

6. ROLE OF THE SECRETARY GENERAL AND THE DEPUTY SECRETARY-GENERAL

The duty of the Deputy Secretary General and the Secretary General to notify the External Auditor and the Chair/Vice-Chair of the Conference [and the Management Committee] in case of information in accordance with the section 2 above received from officials, secondees, visiting scholars, interns and staff on loan on the basis of the whistleblowing guidelines does not of itself discharge them from their own responsibilities to tackle the serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings.

They will therefore have to reflect on whether the evidence provided reveals shortcomings that could be addressed or require other measures; in which case he/she will propose measures to be discussed first by the Senior Management [and then the Management Committee]. In
particular, if following such information, it occurs that a procedural or organisational change could prevent the risk of serious irregularities, fraud, corruption or misuse of resources or serious wrongdoings in the future, such measures should be considered and, where appropriate, taken as soon as possible.

Care should be taken that any such measure does not harm any future investigation into the reported facts by others (e.g. the ILOAT, the External Auditor, the Chair/Vice-Chair of the Conference [and the Management Committee]). In case of doubt, managers are therefore advised to consult with the Conference, Chair/Vice-Chair of Conference [and the Management Committee] before taking any such measures.

7. **ROLE OF THE EXTERNAL AUDITOR**

In case information is brought to the attention of the external auditor (in accordance with the section 2 above), the latter will ask the Secretariat to provide information and evidence, take it into account during the regular financial audit within the framework of its Terms of Reference and in parallel take it to the Conference, [and the Management Committee], the Chair/Vice Chairs of the Conference.

In case allegations are communicated to the Chair/Vice Chairs of the Conference [and the Management Committee] (in accordance with the sections 2 or 7 above), he/she will request the Secretariat to provide information and evidence. Following an analysis of facts, and considering the relevance of the information, the Chairperson may propose to include an agenda item for discussion at the Conference and bring the issue to [the Management Committee], the Vice-Chairs of the Conference and the External Auditor to take it into account during the Audit(s).

SALARIES AND ALLOWANCES

a) Salaries and allowances shall be aligned on those applicable to staff of the Co-ordinated Organisations working in Belgium and shall be submitted to an internal tax system. Annual adjustments of the basic salary scales shall be based on the index calculated according to the procedure of these Organisations. This may result in a decision to grant the salary adjustment in full, in part or not at all.

b) In conformity with paragraph (a), the Secretary-General shall make Staff Rules to establish scales of salaries by categories, grades and steps.

c) The Secretary-General is authorised to implement salary and allowance adjustments mentioned above under paragraph (a) and approved by the Co-ordinated Organisations as soon as they become known, subject to the prior agreement of the Chairperson of the Budget Committee and the availability of adequate appropriations within the Secretariat’s budget. The Secretary-General shall report to the Conference on the action taken at the earliest opportunity.

d) The Secretary-General shall also follow Staff Rules determining the conditions of entitlement to the following allowances and their respective amounts:

   (i) household and dependant’s allowances;
   (ii) expatriation allowance;
   (iii) installation allowance;
   (iv) acting allowance;
   (v) education allowance;

e) All allowances require a request by the official concerned and presentation of official documentation in support of the request. Unless otherwise expressly provided in the Staff Manual, all requests should be done in writing within six months of the date on which the initial payment would have been due. Claims relating to earlier periods are time barred and shall not be accepted. Officials must promptly notify all changes to personal circumstances relevant for their emoluments and allowances.

   - base salary
   - expatriate allowance
   - dependants’ allowance
   - household allowance

   The above total remuneration is paid in 12 equal calendar monthly instalments; no holiday pay and no 13th month is paid.

   - installation allowance
   - education allowance and related travel costs
   - travel allowance
   - employer contributions to pension and health care schemes.

4. The Secretariat’s fiscal year is identical to its budget year (1 January to 31 December). Internal tax is levied at source each calendar month and is liberatory in character.

   The Secretariat establishes a recapitulation of tax perceived at its financial year-end.

   Tax levied is credited automatically to the Secretariat’s salary account.

(ii) an official who receives the household allowance and has no dependent child or only one: one and a half months' salary

(iii) an official who receives the household allowance and has two or more dependent children: two months' salary

(b) The Secretary-General may deem this Rule applicable to specifically qualified category C staff when he or she finds that he or she cannot adequately recruit such staff from local manpower resources.

(c) In calculating the allowance due to an official who receives the household allowance, account shall be taken only of dependent persons who take up, or within one month will take up, residence in the Brussels area.

(d) For the purposes of paragraph (c), the following shall be regarded as dependent persons: spouse, dependent children. No account shall be taken of persons who were not dependent on the official or his or her spouse at the time of taking up duty with the Secretariat.

(e) An official shall be entitled to the complement of the installation allowance in accordance with paragraph (a) where a dependant becomes resident in the Brussels area after the official’s appointment. In such case, the request for the complement shall be made by the official within six months from the day the dependant arrives in Brussels.

(f) For the purposes of paragraph (a), an official shall be deemed not to be resident in the Brussels area if at the time of his or her appointment he or she had no house at his or her disposal in Brussels or within a radius of 50 km from Brussels.

(g) The provisions of this Rule shall not apply to an official appointed for one year or less.

(h) An official whose appointment is terminated during the probationary period or who resigns before completing two years’ service shall repay to the Secretariat half the installation allowance.
Rule 17.8 - INSTALLATION ALLOWANCE

Staff Circular

For the purposes of this Rule the status of the official at the time he or she takes up his or her appointment will be the one used in determining the scale of the installation allowance. For example, if the official arrives without his or her family he or she will be given an installation allowance under sub-paragraph (a) (i). When his or her spouse and/or other dependants join him or her, the official shall be given the difference in the scales of the installation allowances. The official’s salary at the time of the arrival of the other dependants will be the basis used for determining the amount of the allowance. An example would be an official who takes up duties in January whose spouse and two dependant children join him or her in July. In January the official would receive an installation allowance based upon one month’s salary at the rate of his or her salary in January. When joined by a spouse and two dependent children in July the official would receive an additional month’s salary on the basis of the official’s salary for July.
Rule 17.9

ACTING ALLOWANCE

(a) An official who is called upon to act for an official of a higher grade for a temporary but continuous period shall be paid an acting allowance equal to twice the value of the first step in his or her grade.

(b) The allowance shall be paid in respect of the period from the first day of the third month up to the last day of the sixth month following the date of the assignment; it may be renewed for further periods of six months by special decision of the Secretary-General.
Rule 17.9 - ACTING ALLOWANCE

Staff Circular

On the proposal of Administration and Finance and taking into account the immediate superior’s view, the Secretary-General may call upon an official to act for an official in a higher grade in writing. The official is required to react to such a call in writing.
Rule 17.10

EDUCATION ALLOWANCE

(a) Officials shall be entitled to an education allowance in respect of each dependent child as defined in Rule 17.5 (b) (i), (ii), (iii) and (iv), who regularly attends an educational establishment on a full-time basis.

(b) The amount of the education allowance shall be 70% of the total expenditure mentioned in paragraph (c) subject to the following maximum limits:

(i) the amount may not exceed two and a half times the dependent child's allowance applying in Belgium.

(ii) where, for imperative educational reasons, education expenditure as defined in paragraph (c) is excessively high, the Secretary-General is authorised to take appropriate measures after an examination of individual cases, within the limit of 70% of the total admissible expenditure and not more than four times the dependent child's allowance, for education up to completion of the secondary cycle

(c) Unless otherwise provided for, the education allowance shall be granted on production of receipts certifying that expenditure of the kind mentioned below has in fact been incurred and paid by the official.

The following items of expenditure shall be taken into account when calculating the education allowance:

(i) school or university registration fees;

(ii) general fees for schooling and education charged by the educational establishment, with the exception of expenses on special courses and activities that are not normally part of the child's basic course of studies and the cost of related equipment;

(iii) examination fees;

(iv) tuition fees for private lessons on condition that:

- tuition is given in subjects which are not contained in the child's syllabus but are part of the compulsory national education programme of the country of which the official is a national, or

- tuition is required to enable the child to adjust to the education curriculum of the establishment attended, or to enable the child to become familiar with the language spoken in the area in which the child lives if the education is given in another language,

provided, however, that such tuition fees may only be taken into account for an adjustment period of not more than two years;
(v) daily expenses for travel between the educational establishment and home by public transport or school bus. If available reduced fares must be taken into consideration. Where a private car is used or when no public transport or school bus is available, an amount equal to 10% of the dependent child's allowance applicable in Belgium, shall be taken into account;

(vi) expenditure on half-board, or on board and lodging in cases where the child does not live at the official’s home. If receipts for board and lodging are available, the amount to be taken into account shall not exceed twice the dependent child's allowance applying in Belgium. If no receipts are available, the amount to be taken into account shall not exceed one and a half times, such dependent child's allowance;

(vii) purchase of school books as required by the curriculum, and compulsory school uniforms.

(d) The education allowance shall be paid in monthly instalments for each child from the beginning of the school year.

(e) An official whose child carries out his or her studies at a place more than 300 km away from Brussels, shall also be entitled - on the condition that the amount does not exceed the cost of a return trip between Brussels and the place approved for home leave - to the reimbursement of the cost of one return trip per year between the place of study and Brussels. However, an official who has received such repayment for one, or several, children may not during the same year request payment for the return trip on home leave for the same child or children.

(f) An official whose child, under the age of 18, is educated at a place more than 300 km away from Brussels, may also request reimbursement of 70% of the cost of two return trips per year between the place of education and Brussels, on the condition that the individual amount does not exceed the equivalent percentage of the cost of a return trip between Brussels and the place approved for home leave.

(g) Entitlement to the education allowance shall commence on the first day of the month during which the child begins to attend a primary school. It shall terminate when the child ceases full-time studies, and not later than the end of the month in which the dependent child's allowance will cease to be paid.

(h) At the beginning of the school year, an official requesting an education allowance shall submit a certificate of enrolment established by the educational establishment and shall inform Administration and Finance as fully as possible of the expenditure which will be incurred for the education of each child. On the basis of that information, Administration and Finance shall provisionally calculate the education allowance on an annual basis and make it payable at one twelfth of the total amount from the beginning of the school year.

At the end of the school year, the official shall provide evidence of the total expenditure during the school year in order to allow final calculation of the allowance. Positive or negative discrepancies between the final amount and the total sum of the monthly payments shall be settled as soon as possible.

This final amount may be used as the basis for determining the amount of the provisional allowance to be paid in the next school year provided that the entitlement remains unchanged.
(i) The actual amount of the education allowance shall be determined after deduction, where appropriate, from the total amount of the expenditure by the official for educational purposes as mentioned in paragraph (c), of any allowance received from other sources for the child’s education (scholarships or study grants).

(j) The supplement for dependent children, included in the expatriation allowance, and the education allowance shall not be paid concurrently.
Rule 17.10 - EDUCATION ALLOWANCE

Staff Circular

1. At the beginning of the school year, an official requesting education allowance shall fill in the attached application form and submit it to Administration and Finance. The same form shall be used at the end of the school year for the final calculation of education allowance.

2. For the purposes of paragraph (g), participation in a pre-school programme (e.g., nursery or kindergarten) will not be regarded as attending a primary school.

3. For the purposes of paragraph (b) and sub-paragraphs, (c) (v) and (vi) the limits expressed as a multiple or a percentage of the dependent child’s allowance applying in Belgium will be calculated on a twelve calendar-months basis if the child has attended school during the full school year, or if the items of expenditure to be taken into account have been incurred during the full school year.

4. Fees referred to in sub-paragraphs (c) (i) to (iv) may in practice be reimbursed to officials directly, on presentation of evidence of expenditure within the limits laid down in Rule 17.10 (b).

5. If their school or university expenses are particularly heavy, officials may receive an advance covering the full amount shown to be incurred.

6. The only cases that will be considered under the provisions of sub-paragraph (b) (iii) are those where an official’s child pursues his or her studies in the country of which the official is a national or in Belgium.
REGULATION 18

REMOVAL, TRAVEL AND MISSIONS

Officials may receive reimbursement of travel and removal expenses incurred in the service of the Secretariat as established by the Staff Rules.
REGULATION 18 - TRAVEL AND MISSIONS

Staff Circular

1. All travel undertaken for official purposes must be authorised by the Secretary-General/Deputy Secretary-General and the immediate superior in advance using the attached application form and, as a rule, ten working days prior to departure.

2. The mission form, duly completed and signed by the official, the immediate superior and the Secretary-General/Deputy Secretary-General, has to be certified by Administration and Finance before any liability on the part of the Secretariat can be engaged.

3. Subsistence allowance will be paid in advance to officials in possession of a Secretariat credit card in exceptional cases only and upon specific justified request.

4. As a rule, travel expenses will be paid directly by the Secretariat for ticket bookings made through a travel agent designated by Administration and Finance. Exceptionally, travel booked through other agencies offering more advantageous prices will also be paid.

5. On their return from mission or home leave, officials must submit a claim for reimbursement of travel expenses to Administration and Finance using the attached claim form. All transport ticket stubs and supporting receipts must be attached.
Rule 18.1

REMOVALS

(a) An official shall be entitled in the cases provided for in Rule 18.2, except when taking home leave, to the reimbursement of expenses actually incurred for the removal of his or her personal effects. The officials concerned shall be required, for this purpose, to submit for prior approval estimates of the removal expenses from at least two competing firms, and reimbursement shall be effected only within the limits of the approved figures.

(b) Reimbursement of expenses incurred for the removal of personal effects shall not exceed the cost of removal of the quantities in the following table:

<table>
<thead>
<tr>
<th>Category</th>
<th>Officials who receive the household allowance</th>
<th>Others</th>
</tr>
</thead>
<tbody>
<tr>

<td>8,000 kg net or 40 m³</td>

<td>2,500 kg net or 20 m³</td>
</tr>
</tbody>
</table>

These shall be increased by 500 kg net or 4 m³ in respect of each dependent child.

(c) Expenses shall be reimbursed for only two consignments of personal effects in respect of removals occasioned by appointment and for only one consignment in respect of removals occasioned by termination of appointment.

(d) Removal expenses incurred by an official are not reimbursable:

(i) on taking up duty, if the removal has not taken place before notice is given of the termination of the engagement of the official concerned;

(ii) on leaving the service of the Secretariat, if the removal has not taken place and application for reimbursement has not been submitted within two years thereafter.
Rule 18.1 - REMOVALS

Staff Circular

1. In the case of an official whose dependants join him or her after his or her appointment or return to their home country prior to the termination of the official’s appointment, the removal expenses under this Rule are subject to the limits provided for in paragraph (b).

2. In the case of a dependant joining the official after his or her appointment, the related consignment will be considered as one of the two consignments in respect of removals on appointment and the Secretariat will reimburse up to the stated limits. The request for this reimbursement must be made within two years after the official’s appointment.

3. For the first of the two consignments on appointment and the one consignment on termination of appointment, subject to the limits prescribed under paragraph (b), officials may request that in order to meet immediate installation needs, part of their personal effects be despatched by air freight, within the following limits:

<table>
<thead>
<tr>
<th>Category</th>
<th>Officials who receive the household allowance</th>
<th>Others</th>

<tbody>

</tr>
<tr>
<td>B and C</td>
<td>375 kg or 3m³</td>
<td>200 kg or 2m³</td>
</tr>
</tbody>
</table>

4. These limits shall be increased by 150 kg or 1m³ in respect of each dependent child.

5. Despatch by airfreight must be previously authorised by Administration and Finance.

6. For the purposes of the limits under paragraph (b) twice the volume or weight of effects thus despatched will be taken into account.

7. For the purposes of insurance, the costs of which shall also be borne by the Secretariat in the context of removals, the following maximum limits on estimated value of total shipment will apply:

<table>
<thead>
<tr>

<td>EUR 125,000</td>
</tr>
<tr>
<td>B and C</td>
<td>EUR 150,000</td>
<td>EUR 75,000</td>
</tr>
</tbody>
</table>

8. For the purposes of this Rule automobiles will not be considered personal effects and reimbursement for the removal of automobiles will not be allowed.

9. Storage will not normally be considered as removal costs and reimbursement thereof will not be allowed.
Rule 18.2

TRAVEL

(a) Officials shall be entitled, within the limits laid down in Rules 18.2.2 to 18.2.5 to the reimbursement of travel expenses actually incurred:

(i) when taking up duty, for the journey from their place of residence to Brussels;

(ii) when taking home leave under Rule 22.4, for the return journey between Brussels and their home;

(iii) on leaving the service of the Secretariat, for the journey from Brussels to the place where they resided at the time of taking up duty or to their new place of residence, as the case may be, provided that the journey actually takes place and the application for reimbursement is made within one year of leaving the service. This period may however be extended, in special circumstances, by special decision of the Secretary-General, provided that the official bears any expenses over and above those which would have been borne by the Secretariat if the journey had been made within twelve months of his or her departure from the service.

(b) Officials drawing the household allowance shall be entitled, in accordance with paragraph (a), to the reimbursement of travel expenses actually incurred in respect of their spouse and their dependent children. Subject to the prior approval of the Secretary-General, they may also be accompanied, on the conditions set out in paragraph (a), by a person in charge of children under 16 years of age. When the youngest child reaches the age of 16 years, the cost of the return journey of this person shall be reimbursed but no reimbursement shall be allowed in respect of subsequent journeys. For the purpose of this Rule, spouses, dependent children and the person accompanying them shall be assimilated to the grade of the officials concerned.

(c) Except when taking home leave, officials entitled to the reimbursement provided for in paragraph (a) shall be entitled, for travelling time in excess of 24 hours, to the allowances laid down in Rule 18.2.4 (a) and (e).
Rule 18.2 – TRAVEL

Staff Circular

1. In order to cover risks and damages while travelling on duty, all Officials benefit from a “World Business Assistance” insurance subscribed by the Secretariat.

2. Both the General Conditions and the Special Conditions are available in Annex.
Rule 18.2 (a) - TRAVEL

Staff Circular

In the case of an official taking up duty in the Secretariat or an official returning to the place where he or she resided at the time of taking up duty or to his or her new place of residence, as the case may be, on the termination of his or her appointment, excess luggage charges will be allowed, on application, up to the amount granted for business class travel. The value of the excess luggage allowance may be applied towards the cost of shipping the goods as unaccompanied luggage or even as airfreight.
Rule 18.2.1

TRAVELLING ON DUTY - MISSIONS

Officials travelling on duty on behalf of the Secretariat under a travel order shall be entitled to the reimbursement of travel expenses actually incurred for this purpose, as provided in these Rules.

Hours spent working or travelling under a travel order on a Saturday, Sunday or official Secretariat closing day shall not be treated as overtime unless requested by an official and expressly authorised in advance by the Secretary General at his/her discretion. In such case, each half-day served shall give entitlement to a half-day of compensatory leave.
Rule 18.2.1 – TRAVELLING ON DUTY - MISSIONS

Staff Circular

Hours spent working or travelling under a travel order on a Saturday, Sunday or official Secretariat closing day shall not be treated as overtime unless requested by an official and expressly authorised in advance by the Secretary General at his/her discretion. In such case, each half-day served shall give entitlement to a half-day of compensatory leave.
Rule 18.2.2

TRAVEL EXPENSES

The travel expenses incurred and reimbursable under Rules 18.2 and 18.2.1 shall comprise:

(a) the cost of the transport, using the shortest and the most economical route, within the limits laid down in these Rules;

(b) the cost of seat reservations; and

(c) authorised excess luggage charges.
Rule 18.2.2 - TRAVEL EXPENSES

Staff Circular

1. For the purposes of this Rule the “shortest and the most economical route” means, as a rule, the cheapest and most direct connection from Brussels to the point of destination.

2. In the case of official missions by air, excess luggage charges will be reimbursed only if the luggage concerned has been carried for official purposes or specific authorisation has been obtained in advance as part of the travel authorisation.
Rule 18.2.3

MODE OF TRAVEL

(a) Air, Rail and Sea travel.

As a rule, when an official is authorised to travel by air, rail or sea, he or she shall be entitled to the reimbursement of an economy class ticket unless expressly allowed by the Secretary-General to use a different class ticket.

(b) Travel by private vehicle.

The use of a private vehicle for travel on mission may be authorised by the Secretary-General. Officials so authorised shall travel at their own risk, shall be responsible for making arrangements regarding insurance and may not claim against the Secretariat in respect of any damage caused to their vehicles.

An official authorised, in the interest of the Secretariat, to use his or her own vehicle shall be entitled to a kilometric allowance, calculated at the rate prescribed in the relevant Staff Circular corresponding to the shortest route. An official authorised to use his or her own vehicle for personal reasons shall be entitled to the same allowance, which shall in no case exceed the cost of the normal transport which would otherwise be authorised, no account being taken of any supplements or reductions to which he or she may be entitled, or of the cost of any sleeping accommodation to which he or she would have been entitled if he or she had travelled by train. For the purposes of this provision, the cost of normal transport shall be:

- for a journey of 500 km or less involving no sea crossing, the train fare, the distance to be taken into account being that used for fare calculations by the railway company;

- for all other cases, the fare for the mode of transport generally used by the Secretariat.

If the quickest usual route followed involved special charges (such as tolls, transport of the car by a car ferry), such charges shall be reimbursed on application supported by receipts.

An official authorised to use his or her own vehicle for personal reasons shall not be entitled to subsistence allowance for any period in excess of the length of the journey corresponding to the use of the mode of transport on which the refund of travel expenses is based. Any additional official time taken to complete the journey will be deducted from the official’s annual leave.

An official authorised to use his or her own vehicle and to carry passengers shall be entitled to a supplementary kilometric allowance equal to 10% of the rate prescribed in the relevant Staff Circular for the first passenger and to 8% of that rate for each additional passenger.
(c) Local journeys.

An official expressly authorised to undertake a journey by taxi or public transport when on duty shall be entitled to reimbursement of the expenses actually incurred or, if using a private car, to the payment of the kilometric allowance specified in the relevant Staff Circular.
Rule 18.2.3 (b) - KILOMETRIC ALLOWANCE

Staff Circular

The amount of the kilometric allowance as from 1 January 2023 is EUR 0.50.
Rule 18.2.3 (c) - LOCAL JOURNEYS

Staff Circular

All journeys in the Brussels area, when on duty, are reimbursed based, as a general rule, on the use of public transport.

Subject to approval by their immediate superior, officials may use a private vehicle and are entitled to the reimbursement of a kilometric allowance calculated at the rate prescribed in the relevant Staff Circular. They are also entitled to the reimbursement of parking fees upon presentation of receipts. Officials shall ensure appropriate and adequate insurance cover when using private vehicles whilst on duty.

Subject to approval by their immediate superior, officials may, exceptionally, use a taxi and are entitled to the reimbursement of expenses upon presentation of receipts.
Rule 18.2.4

SUBSISTENCE ALLOWANCE

(a) Officials travelling on duty shall be entitled to a daily allowance at the rates laid down in the relevant Staff Circular in accordance with Coordinated Organisations rates. Where an official travels on duty in a country other than one of those appearing in the Coordinated Organisations rates he or she shall be entitled to a daily subsistence allowance equivalent to 100% of the standard rate applying to the United Nations International Staff.

(b) The number of days spent on mission shall be calculated in periods of 24 hours from the hour of departure of the official to the hour of his or her return, it being understood that, in the case of a journey by train or boat, the mission shall begin one hour before the departure of the train or boat and, in the case of a journey by air, one hour and a half before the time of take-off. Likewise, such missions shall end respectively one hour after the time of arrival in the station or port and one hour and a half after landing at the airport.

(c) (i) No subsistence allowance shall be payable for periods of less than four hours.

(ii) Where the period of duty is four hours or more but less than eight hours the officials shall be entitled to one quarter of the daily allowance. The officials shall likewise be entitled to one quarter of the daily allowance in respect of any period of four hours or more but less than eight hours in excess of any complete period of 24 hours.

(iii) Where the period of duty is eight hours or more without hotel accommodation the officials shall be entitled to one half of the daily allowance. The officials shall likewise be entitled to one half of the daily allowance in respect of any period of eight hours or more but less than 24 hours in excess of any complete period of 24 hours.

(iv) Where the period of duty is eight hours or more, but less than 24 hours, with hotel accommodation, the officials shall be entitled to the full daily allowance.

(d) An official authorised, in the interest of the Secretariat, to use his or her own vehicle or an official motorcar shall be entitled to the daily subsistence allowance throughout his or her mission. However, an official authorised to use his or her own vehicle for personal reasons shall be entitled only to the subsistence allowance which would be due in respect of travel by the shortest route; any extra time for the journey shall be counted as annual leave.

(e) The allowances provided under paragraph (a) shall be reduced as follows:

(i) by seven-tenths for sea voyages, when more than 24 hours are spent at sea during a single journey on duty;

(ii) in proportions to be determined by the Secretary-General in each case where an official travelling on duty receives hospitality from the Government or a third party of the country visited.
(iii) Where the Government or a third party pays fares for duty travel and those fares include provision for meals or overnight accommodation, the daily subsistence allowance shall be abated by 15% for each main meal and by 50% for overnight accommodation provided in the fare.

(f) The allowances provided under paragraph (a) shall be deemed to cover all the expenses liable to be incurred by an official travelling on duty, except expenses of the nature mentioned hereunder, for which additional reimbursement may be claimed:

(i) postal, telegraphic and telephone expenses incurred for official purposes;

(ii) entertainment expenses incurred by officials specially authorised by the Secretary-General;

(iii) exceptional and unforeseen expenses incurred under force-majeure in the interest of the Secretariat and resulting in disbursements out of reasonable proportion to the allowance provided.

(g) If under certain circumstances the expenditures for accommodation exceed 60% of the daily subsistence allowance, it is at the discretion of the Secretary-General to reimburse the excess amount partially or totally on presentation of receipts and sufficient proof that the additional expenditures were unavoidable. This reimbursement should normally not exceed 30% of the daily subsistence allowance.

(h) Special provision shall be made for travelling on duty entailing an absence of more than two months.
Rule 18.2.4 - SUBSISTENCE ALLOWANCE

Staff Circular

- **Hospitality from a Government or a third party**

  Where officials travelling on duty receive hospitality from a Government or a third party, it shall be indicated on the mission claim and subsistence shall be abated as follows:

  - overnight accommodation: 50%
  - breakfast: 10%
  - lunch or dinner: 15%

  For the purposes of Rule 18.2.4 (g) “accommodation” includes hotel cost and breakfast.

  When requesting travel authorisation under conditions that all costs (travel, accommodation and meals) are covered by a third party, the traveller agrees not to claim any DSA regarding the time spent on destination. The reimbursement of “Other expenses, which are not in DSA” will be done according to the standard practice.

- **Missions during annual and home leave with reimbursement**

  When officials meet with the local authorities while travelling on annual or home leave with travel costs reimbursed, officials may claim their time, relevant meals and costs of local transportation. The content of such meetings will be reviewed and agreed with the official’s immediate superior, who will convey the details to the Management meeting for approval, prior to the official’s departure on home leave. In order to receive reimbursement, the mission authorisation and mission claim forms must be submitted in accordance with the standard missions procedure.

Rule 18.2.4 (a) - DAILY SUBSISTENCE ALLOWANCE RATES

Staff Circular (continued)
Rule 18.2.5

LIMITATION OF REIMBURSEMENTS

(a) Officials shall not be entitled to the reimbursements provided in Rules 18.1 to 18.2.4 if the expenses actually incurred by them are reimbursed to them by a Government or by any third party or if such expenses can be met in virtue of a right acquired by them prior to their appointment.

(b) Travel and removal expenses incurred by officials when leaving the service of the Secretariat shall be reimbursed to an amount not exceeding the costs which would be incurred if they returned to the place where they resided before taking up duty with the Secretariat.

(c) The reimbursement of travel and removal expenses incurred on leaving the service of the Secretariat may be refused in whole or in part if the official concerned resigns before completing twelve months' service.

(d) The provisions of Rules 18.1 and 18.2 shall apply if the engagement of an official is terminated as a result of his or her death.
Rule 18.2.5 – LIMITATION OF REIMBURSEMENTS

Staff Circular

Officials travelling on duty shall request their travel expenses and subsistence allowance, if any, within 10 working days after their return to Brussels. Unless otherwise expressly authorised by the Secretary-General, claims received after such deadline are time barred and shall not be accepted.
REGULATION 19

STAFF BENEFITS AND GRANTS

Officials may receive benefits as established by these Staff Regulations and the Staff Rules and, in particular:

i) in case of sickness, accident, disablement, birth or death;

ii) on termination of service in the Secretariat.
Rule 19.1

INSURANCE

(a) Officials and, where indicated, their spouse and dependants shall receive the benefits in respect of medical care, temporary or permanent incapacity and death as established in and under the terms of the group insurance contract entered into by the Secretariat. These are described in general terms below. The purpose of the group insurance contract is to indemnify officials and where indicated, their spouse and dependants, for reasonable and customary expenses resulting from medical attention; and to provide benefits in case of temporary incapacity, permanent disability or death of the official.

(b) Temporary incapacity:

In the event of temporary incapacity due to accident or illness, an indemnity of 100% of the official’s monthly emoluments shall be paid, after a waiting period of three months, during the first six months following the waiting period. For the next four months the indemnity shall be equal to 50% of the official’s monthly emoluments.

Where temporary incapacity is due to a service - incurred condition (accident or illness) the official shall receive 100% of his or her monthly emoluments after the waiting period of four months.

These benefits are payable for as long as the insured person is prevented by the accident or sickness from resuming work, until he or she is recognised to be in a state of permanent invalidity.

(c) Permanent disability:

An official in a state of permanent disability due to sickness or accident shall be entitled to a disability pension and a capital sum.

Payment of disability pension:

In case of total disability the pension shall be equal to 50% of the official’s monthly emoluments. Disability of 70% or more is deemed to be total.

Where disability is or becomes partial (equal to or above 20% but less than 70%) the pension payable will be proportionally reduced.

Where disability is or becomes less than 20% no pension is due.

These benefits are paid at the end of each month but no later than the 65th birthday of the official.

Payment of a capital sum:

In case of total disability the official shall be entitled to the payment of a capital sum equal to three times his or her annual emoluments.
Where total disability is due to a service-incurred condition (accident or illness) the official shall be entitled to payment of a capital sum equal to five times his or her annual emoluments.

Where the degree of disability is partial (equal to or above 20% but less than 70%) a portion of this capital will be paid according to the degree of disability.

Where the degree of disability is or becomes less than 20% no capital is due.

(d) **Death:**

On the death of an insured person, a capital equal to three times the official’s annual emoluments will be paid. Where death is due to a service-incurred condition (accident or illness) the capital payment will be equal to five times the official’s annual emoluments.

(e) Where medical expenses are incurred as a consequence of a service-incurred condition (accident or illness), the expenses listed in the Staff Circular (Medical Care) to Rule 19.1 shall be reimbursed at 100% and without application of the limits defined in the relevant insurance contract.

(f) **Exclusion of medical cover:** the following items are not reimbursed:

(i) routine health examinations and preventive medicine;

(ii) spa cures, rejuvenation cures and cures in nature clinics and health farms;

(iii) cosmetic treatment, except as the result of an accident for which coverage is provided; and

(iv) non-prescription items, hygienic and dietary products.

(g) Any capital sum payable under paragraph (d) in the event of death shall be paid to such person or persons who have been nominated to the Secretary-General by the deceased to receive it, such nominations being restricted to spouse, descendants or ascendants, or, in the absence of any such nomination, to the person or persons otherwise having legal title to receive it.
Rule 19.1 – INSURANCE (Medical Care)

Staff Circular

Officials and where indicated their spouse and dependants shall receive reimbursement of medical expense as described in the table of Benefits issued by Allianz Care (see Annex). Staff contribution to medical insurance should be 3% from emoluments until further notice.

All officials travelling on mission on behalf of the Secretariat shall ensure full and up-to-date compliance with all obligatory and recommended vaccination (and other medical, e.g. malaria) requirements for any given country to which they may be required to travel for work purposes.

All officials whose work duties are such that they may be realistically expected to travel to countries on behalf of the organization where certain vaccinations are mandatory (for entry and for health requirements), shall ensure they are up to date with all required vaccinations in order to avoid situations where they may not be fully protected if required to travel at short notice. In this context all officials may be realistically expected to travel to such countries, with the exception of administrative staff and personal assistants.

The Secretary General may grant an exception from this requirement on a case by case basis at the express request from an official and predominantly on health grounds.

In order to check that inoculations for the country to which you may be travelling are in order, check the relevant country details on the following link:

Clicking on the country of travel will provide a list of obligatory vaccination requirements and also recommended vaccinations and/or treatments prior to departure.

It should be noted that most vaccinations must be obtained at least one month prior to departure and in some cases longer (up to six months), as multiple vaccinations may be required to ensure full protection (this is the case, for example, with hepatitis).

If you are in any doubt with respect to a given country, or vaccination/medical treatment prior to departure, our medical insurance provider, Allianz, can provide additional information.

It is strongly recommended that all officials who are susceptible to travel to tropical countries on behalf of the organisation ensure they are up to date with all general vaccinations in order to avoid situations where they may not be fully protected if required to travel at short notice. A list of routine and required vaccines can be found at this link:

http://www.who.int/ith/vaccines/en/

The local hospital, Cliniques St Luc, has a dedicated service for travel vaccinations.

The phone number is 02/764 21 22. The number may be difficult to reach during peak times just before summer holiday departures (May/June) and the travel centre is likely to be very busy during this period, so it is better to avoid this where possible.
Rule 19.2

OTHER PROVISIONS APPLICABLE IN THE EVENT OF DEATH

(a) In the event of the death of an official otherwise than in circumstances giving rise to benefits under an insurance policy maintained by the Secretariat in respect of officials of the Secretariat an indemnity equal to one year's emoluments shall be payable by the Secretariat.

(b) In the event of the death of an official during service with the Secretariat, the official's salary and all allowances shall be paid up to the end of the month of death.

(c) The Secretary-General shall designate the person or persons who shall be entitled to payments under this Rule.
Rule 19.3

BENEFITS IN THE CASE OF PARENTHOOD

On the birth of a child to an official, he or she shall receive a grant similar to the dependant’s allowance.

The same grant shall be paid to an official who adopts a child who is less than six years of age and is a dependant within the meaning of Rule 17.5.

In both cases, the grant shall be requested within 3 months of the birth or adoption.
Rule 19.4

TERMINAL ALLOWANCE

(a) As a contribution towards a Terminal Allowance the Secretary-General will deduct 7% from the salary of each official as it accrues. The salary on which the official's contribution is calculated shall be the monthly basic salary, increased by any cost of living percentage fixed under Regulation 17 c) and without regard to any reduction in emoluments under Rule 22.5 (b) or when Regulation 16 is applied, the corresponding benefits paid to the official under the insurance provisions of Rule 19.1.

(b) On the termination of his or her permanent service with the Secretariat an official shall be entitled to payment of a Terminal Allowance, which shall be the product of his or her total contributions during the last twelve months of service and four and a half times the length of service in years and fractions of years.

(c) Sick leave involving reduction in salary under Rule 22.5 (b) and any period of non-activity under Regulation 16 a) (i) shall count as service for the purposes of paragraph (c), except if the period of non activity following a sick leave is longer than ten months after which an official is not supposed to receive any salaries or benefits in accordance with Rule 19.1 (b) and Rule 19.4 (b).

(d) Any reduction in or cessation of salary (other than the postponement of increments under Rule 12.1 (d) shall be ignored for the purposes of paragraph (c).

(e) On good reason being shown to the Secretary-General, up to 75% of the official’s Terminal Allowance may, on request, be paid to him or her at any time within his or her last six months of service provided this period has been irrevocably determined under Regulation 13, 14 or 15 and subject to adequate notice being given before payment is required.

(f) In the event of the death of an official the Terminal Allowance shall be paid to such person or, persons who may have been nominated to the Secretary-General by the deceased to receive it, such nomination being restricted to husband or wife, descendants or ascendants, or, in the absence of any such nomination, to the person or persons otherwise having legal title to receive it.
Rule 19.4 - TERMINAL ALLOWANCE

Staff Circular

1. Officials are entitled to the payment of the Terminal Allowance at the end of their permanent service with the Secretariat.

2. In case of a financial debt towards the Secretariat, the Secretariat may deduct the relevant amount from the official's Terminal Allowance. “Financial debts” include Advances on emoluments (Rule 19.5), Loans (Rule 19.6), Financial assistance (Rule 19.7) and Undue payments (Regulation 21). In case of financial debt towards the official, the Secretariat will increase the relevant amount of the Terminal Allowance.

3. Full and final payment of the Terminal Allowance is subject to the completion of all necessary formalities, both substantive and administrative, by the official. These formalities include:
   - A formal handover report to be prepared one month before departure and to be approved by the official’s immediate superior. The handover report shall contain, as a minimum:
     - A list of all the files of which the official was in charge, including a brief description as to the current activity in respect of each file and their location;
     - A list and description of all issues on which the official is currently working, together with a proposed follow-up strategy/course of action;
     - A list of all professional contacts deemed important for the continuation of the work of the unit and pertaining to each of the files above;
     - Any other professional information deemed necessary for the good process of the handover to the immediate superior.
   - The settlement of all outstanding financial claims other than those covered by paragraph 2, notably related to official travels on mission, representation, allowance, telephone bills, parking bills and/or the ECS credit card.
   - The submission of a forwarding address, telephone number and bank account details.
   - Where applicable, the return of the following items:
     - ID card, if it has been obtained by the Secretariat through the Ministry of Foreign Affairs, to be returned by the end of the contract period;
     - Any keys and badges of the offices and remote controls. The official will receive a receipt indicating that these have duly been returned. Keys and remote controls must be returned on the last official day of work in the office and prior to final leave days to be taken;
     - Laptops, IT peripherals and mobile;
     - ECS credit card;
     - Any other items belonging to (or purchased by) the Secretariat, which may still be in the possession of the official.

4. In case the official has not completed his or her formalities at the end of his or her permanent service, ninety percent of the official's Terminal Allowance, taking into account, if applicable, any payment made under Rule 19.4 (e) and the financial debts as indicated in paragraph 2 above, shall be paid at the end of his or her permanent service with the Secretariat. The remaining 10% will be paid following completion of all necessary formalities, as detailed in paragraph 3 above.

Rule 22.2

OVERTIME

(a) Hours worked at the Secretariat in excess of normal hours, or on a Saturday, Sunday or official Secretariat closing day, shall be considered as overtime provided that such overtime has been authorised prior to the fulfilment by the immediate superior concerned. Such authorisation shall not be given for more than 13 hours a month or, in exceptional cases, for more than 30 hours a month.

(b) Overtime worked by A-grade officials shall carry no right to compensatory leave or compensatory payment. However, compensatory leave may be granted to officials of this grade if they are required to work when a meeting is scheduled on a Secretariat closing day.

(c) (i) For each hour of overtime, B and C grade officials shall be entitled to one hour off as compensatory leave. If the hour of overtime is worked between 10 p.m. and 7 a.m. or on a Secretariat closing day, the entitlement to compensatory leave shall be one hour and a half. In the granting of compensatory leave, account shall be taken of the requirements of the service and the preference of the official concerned.

(ii) Where the requirements of the service do not permit compensatory leave during three months following that during which the overtime was worked, remuneration at the rate of 0.80% of the monthly basic salary shall be paid for each uncompensated hour.

(iii) To qualify for compensatory leave, the extra time worked must have been more than one hour.
Rule 22.3

(b) The entitlement of officials to annual leave in respect of the calendar year shall be calculated on their appointment and thereafter at the beginning of each year.

Annual leave shall normally be taken in the year for which it is due. If, for good reasons, an official is unable to take the whole of the annual leave due to him or her during the calendar year, he or she may be authorised by the Secretary-General, to carry forward into the following year up to 30 days of his or her outstanding leave entitlement.

(d) An official who has not taken the whole of the leave due to him or her when his or her appointment ends, shall receive, in lieu thereof, his or her emoluments as defined in Rule 13.1 (e). An official who has taken leave in advance and in excess of that due to him or her when his or her appointment ends shall repay the emoluments paid for the corresponding period.

(e) If, during a period of annual leave, an official is incapacitated, this period of incapacity shall, subject to production of a medical certificate, be deemed to be sick leave and shall not be deducted from his or her annual leave. If the official has exhausted his or her sick leave rights, he or she shall be placed on non-active status in accordance with Regulation 16.

3. Officials should, as a rule, try to exhaust remaining holidays before the end of their contract. Where, under exceptional circumstances in the professional interest of the Secretariat, an official has been unable to exhaust his/her leave days, he/she shall, at the end of his/her contract, receive payment for untaken holidays up to a maximum of 30 days.
Rule 22.4

HOME LEAVE

(a) The first period of home leave (eight days) shall accrue in respect of the first completed period of 24 months’ service. Subject to the exigencies of work, it may be taken at any time not earlier than eight months before and not later than twelve months after the date on which it accrues. Further periods of home leave (four days) shall accrue for each subsequent period of twelve months’ service. Subject to the exigencies of work, they may be taken at any time not earlier than eight months before and not later than eight months after the date on which they accrue. The fact that the date of home leave is advanced or retarded shall not affect the date on which the next ensuing period of home leave accrues.

(b) No home leave shall be granted within a period of four months before the date when the appointment of an official is due to end. Where officials have taken home leave in advance and their appointment terminates by resignation before the date at which home leave accrues they shall repay a sum corresponding to their emoluments for the number of days taken and the amount reimbursed in respect of travel.

In case of doubt, the Secretary-General may decide, at the request of the official concerned, that he or she shall take his or her home leave in the capital of the State of which he or she is a national.

(e) Where the time taken by an official to travel from Brussels to his or her home, and back again, by a direct route and means approved by the Secretary-General, exceeds twelve hours, it shall not be included in the number of days of home leave granted.

(f) Reimbursement of expenses incurred in travelling on home leave shall be made according to the provisions of Rule 18.2. Notwithstanding the provisions of paragraph (a) above, entitlement to home leave travel reimbursement falls due only every two years.

(g) Where officials receive the household allowance, return travel expenses shall also be borne by the Secretariat in respect of the persons specified in Rule 18.2 (b), whether or not travelling in company with the officials provided that they travel within the time limits set in paragraph (a) above and that the officials themselves take their home leave within those time limits. Where officials fail to take a period of home leave within the time limits they shall repay any travel expenses borne by the Secretariat in respect of a member or members of their household for such leave.

An absence of more than four days, including any intervening days when the Secretariat’s offices are closed, must be covered by a medical certificate, to be sent to the Secretary-General not later than the third day. The certificate should state the probable term of absence from duty; and in the case of a prolonged absence further certificates may be required from time to time if this term is extended. Absences in excess of twelve days in any calendar year unsupported by medical certificates, will be counted against annual leave or, if the official concerned has already exhausted his or her annual leave, will entail a deduction from his or her emoluments.

Rule 22.13

TELEWORKING

(a) Teleworking is a method of performing duties outside the premises of the Secretariat, with the help of information and communication technologies. Performing duties whilst on mission is not considered to be teleworking.

(b) Officials may work from an alternative work site, provided they have access to the necessary equipment and may always be reached by telephone or e-mail. The Regulations and Rules shall remain applicable in their entirety to officials authorised to telework. The following provisions shall in addition apply to teleworking.

(c) An official wishing to telework shall make in writing a request to his or her immediate supervisor, specifying the duration of telework desired as well as the place in which it would be performed.

(d) Under special circumstances, authorization shall be granted by the immediate supervisor under his or her discretion for a maximum of 60 teleworking days per calendar year, but no more than 10 consecutive teleworking days. If authorisation is not granted, the official can bring the request to the attention of the Secretary-General for his or her decision. Any such request for teleworking should be sent before 8 am of the day for which teleworking is requested.

(e) The following conditions apply in case of a request for regular teleworking

   (i) When examining any request, account shall be taken of the compatibility of teleworking with:
       - the nature of the official’s duties, the performance of those duties and the achievement of the official’s assigned annual objectives;
       - organisational and efficiency-related requirements of the service concerned.

   (ii) Authorisation shall be given by the Secretary-General, on the recommendation of the immediate supervisor of the official and after consultation under Rule 25.1 and with the Head of Administration and External Activities Unit. The decision of the Secretary-General on teleworking shall be justified.

   (iii) Authorisation shall be formalised by the signature of an agreement with the official concerned. This agreement shall stipulate:
       - the official’s teleworking location;
       - the days worked on the premises of the Secretariat;
       - the teleworking hours;
       - where appropriate, the equipment made available to the official by the Organisation;
       - the date the agreement takes effect and the date on which it terminates.
A probationary period is established from the date of the signature of the agreement. This probationary period shall be of a duration of two weeks where the teleworking duration under the agreement is two months. The duration of this period is one month where the teleworking duration under the agreement exceeds two months. At the end of the probationary period, the teleworking agreement will be confirmed or terminated in accordance with the provisions of sub-paragraph (vi) below.

On expiry, the teleworking agreement may be renewed by the Secretary-General, at the official’s request and upon the recommendation of the official’s immediate supervisor. When considering this request, the Secretary-General shall verify that the conditions referred to in paragraph (e), above, continue to be met and that the official’s performance is not unsatisfactory or has not been affected as a result of teleworking.

A teleworking agreement may be terminated at any time:
- by the Secretary-General, after consultation with the Senior Management and the Head of Administration and External Activities Unit, if:
  - the conditions referred to in paragraph (e), above, are no longer met, in particular in the event of a change in the official’s assignment or duties;
  - the official’s performance is unsatisfactory or affected as a result of teleworking;
- by the official concerned, due to imperative and exceptional circumstances acknowledged as such by the Secretary-General.

The termination of a teleworking agreement is subject to a notice period of two weeks when the teleworking duration under the agreement does not exceed two months and to a notice period of one month when the teleworking duration under the agreement is more than two months. The termination shall be notified by the Secretary-General to the official concerned and to his or her immediate supervisor.

In case of special or regular teleworking outside of Belgium, the following requirements shall apply in addition to those laid down in paragraph (d) or (e) respectively:
- no teleworking is possible during the probation period;
- such teleworking shall not exceed 60 teleworking days per calendar year.

REGULATION 23

TRAINING

The Secretary-General shall facilitate such further training and instruction for officials as is compatible with the proper functioning of the service and is in accordance with the interest of the Secretariat and the officials. Such training and instruction shall be taken into account for the purposes of promoting their careers.
REGULATION 23 - TRAINING

Staff Circular

This policy applies to training requests from officials of the Secretariat (both establishment table and temporary officials) for promoting their careers. It does not apply to cases where Senior Management identifies a particular need for the effective work of the Secretariat and requests an official to pursue a particular training in order to cover such identified gap.

1. Identifying development needs
   The training should have one or both of the following justifications.
   - Training or development assignment mentioned in the PAR
   - The skills and/or knowledge to be gained from the training should be relevant to his/her tasks at the Secretariat, so that the development also benefits the work of the Secretariat.

2. Procedures
   Submit a request form to the immediate supervisor for approval together with the following supporting documents.
   - Details of the training programme
   - Detailed cost breakdown
   The form approved by the immediate supervisor should be submitted to SG. SG has discretion to take a decision in the interests of the Secretariat.

   The Official is expected to use his/her annual leave for the training and only if necessary SG will consider whether to grant special leave for training (Staff Rule 23.1). Special leave for training will not be granted at least in 2018 due to constraints in human resource of the Secretariat.

   After the training, the official should submit a proof of completion such as a certificate.

3. Financial Assistance
   The Secretariat will cover 80% of the total costs for the training up to a maximum of 1000 Euro per year per entitled official. Training costs include expenses for tuition, travel, meals and accommodation. There is no possibility to increase such annual limit even if an official has not requested financial assistance for trainings in previous years. Even if the training is recommended in the PAR by the immediate supervisor, the cost will be reimbursed only up to 80% with the limit of 1,000 euro (i.e. 1,000 euro is the maximum reimbursable amount if training costs are 1,250 euro or more).

   4. Time spent on training is not regarded as a mission unless the Secretariat (Senior Management) specifically requests an official to take part in the training.
Rule 23.1

The official shall be entitled to be assisted by a person of his or her choice in his or her defence and to see all written material relating to the charge.

(f) Unless the Secretary-General acting on a recommendation of the General Counsel decides otherwise, costs incurred by an official in the course of disciplinary proceedings, in particular fees payable to a person chosen for his or her defence from outside the Secretariat, shall be borne by the official where the disciplinary proceedings result in any disciplinary measure being taken.
