DIRECTOR-GENERAL

IRENA
International Renewable Energy Agency

Ref.: DG/LT/2022/O/19385 21 January 2022

Dear Mr Lentz,

I would like to extend my sincere gratitude for your participation in the twelfth session of the IRENA Assembly and related meetings, held virtually from 13 to 16 January 2022.

Over 1,000 participants from more than 145 countries registered to participate in the Assembly, convened under the theme "Energy Transition: From Commitment to Action". As the first high-level meeting of the global energy and environment community in 2022, the gathering offered an opportunity to discuss follow-up on the energy transition commitments made in 2021 and consider priority areas for action to ensure they are being realised. IRENA Members also adopted the new Work Programme and Budget for the biennium 2022-2023.

I would especially like to thank you for being the Chair of the 2022 Legislators Forum "Parliamentary and regulatory actions to drive national energy transition policies: from commitment to action". Your contribution enriched the discussions and ensured a successful outcome, with important recommendations that will enable IRENA to continue working with the public and private sectors, as well as all other key players, to drive energy transitions globally.

I look forward to continuing our engagement to deliver on the momentum of the Assembly and working together to advance the energy transition around the world.

Please accept, Sir, the assurances of my highest consideration.

Francesco La Camera
Director-General

Mr Guy Lentz
